

Course Schedule WATENV

3rd Semester 2022/2023

Time	Monday	Tuesday	Wednesday	Thursday	Friday
8		8:00-9:30 Hydropower Engineering 11.10.2022	8:00-9:30 Innovative Bioprocesses for Waste Valorization 12.10.2022	8:00-9:30 Hydropower Engineering 13.10.2022	8:00-9:30 Water Resources Systems Analysis 14.10.2022
9		Schendel 3101-A025	Nogueira 3408-523	Abdel-Rahman 3408-A104	Dietrich 3408-719
10	09:45-11:15 Infrastruct. for Water Supply and Wastewater Disposal 10.10.2022				9:45-11:15 Water Resources Systems Analysis 14.10.2022
11	Köster 3408- MZ2 010				Dietrich 3408-719
12	11:30-13:00 Innovative Bioprocesses for Waste Valorization 10.10.2022				
	Nogueira 3408-523				
13					
14	13:45-15:15 GIS and Remote Sensing GIS 10.10.2022	14:00-15:30 GIS and Remote Sensing Remote Sensing 11.10.2022		14:00-17:15 Recycling and Circular Economy 13.10.2022	14:00-17:45 Special Topics Sanitary Engineering 14.10.2022
15	Sester, Li 3416-001	Heipke, Haghshenas 3408-MZ1 220			
16		15:45-17:15 Infrastruct. for Water Supply and Wastewater Disposal 11.10.2022			
17		Köster 3408-MZ 2 010		Weichgrebe 3408-523	Hartwig, Scheer 3101-A104
18					

 Mandatory Basics
 Elective Supplements

CIP= CIP-Pool, 3407-014, 3407-210/212
 FI sem. = Franzius Inst, room A020

Important Information for Elective Supplements
 * You can choose over Studium Generale the module "Environmental Economics" with Prof. Weibel and Prof. Gröte (6CP). Check at institute the timeschedule!
 * Institute for Environmental Economics and World Trade <https://www.iuw.uni-hannover.de/>
